

FROM GLENN AND ANNE LEVER

JUST A FEW HIGHLIGHTS OF OUR VERY GOOD 2014

Arthur built a bike based on the principle that Art is both Form and Function. All metal and frame are done by hand.

Arthur moved to **Boulder Colorado**. We drove him out. Beautiful landscape.

Arthur left Rochester with expertise in Corvette restoration. In Boulder, he has prepped historic cars for a fundraiser at the AC Shelby Cobra Museum and completed work on both Maserati's and Ferrari's.

Drag Racing with NDRL at Gateway near St. Louis. This trip just Driver and Crew Chief.

George joined us in at the **Hot Rod Reunion in Bowling Green**. We really enjoy his company at the track. Although, when George joins us, it sometimes rains enough to make a lake.

Hot Rod Reunion in Epping NH

Glenn placed 2nd across a very large field of competitors. George's girl friend Amy was our personal photographer. Peggy and Ted joined for the last day. We had a blast. Good weather. Left all our energy at the track.

JUST A FEW HIGHLIGHTS OF OUR VERY GOOD 2014

Michael's 55th birthday at his home
George is taking the pix so you won't see his face

Michael visits a local Pet Store regularly

Michael at Disney in November

After many years of coveting these, Michael finally has his own Mouse Ears

Took one last trip for the year to see Mom and Dad Lever in Florida

Our rig with '84 Jeep CJ in trailer

Mom & Dad enjoying view from their dock

In downtown Fort Myers with Dick Yellen from the Florida chapter of Rochester Street Rods
